

STUDENT LIFE//RESIDENCE LIFE AND HOUSING

This form is required because you are the parent/guardian of a student that desires to reside off campus with a with a close relative/family member who is married and has an established home in or near Rocklin. If living with a relative other than parent/legal guardian the student must provide a copy of the relative/family member’s valid driver’s license which bears the relative/family member’s current address. The address provided in this request must be consistent with the address on the relative/family member’s driver’s license. The relative/family member must be listed as one of the student’s emergency contacts on the student’s Housing Portal Account. If the relative/family member is not currently listed, the student may add that information through their housing portal.

As a reminder, all William Jessup University students are required to live on campus unless they meet the following requirements and have a **completed and approved Application for Commuter Status on file** with the Office of Student Life. Students who are married or living at home with parents are free to live off campus. Student life may grant additional exceptions to live off campus if:

- the student is 22 years old or;
- the student’s parents request permission for the student to live with a close relative/family member who has an established home in or near Rocklin or;
- living off campus for health reasons is required by a physician (documentation is needed) or;
- the student has more than 90 units or;
- the student is participating in an off-campus program, internship, or student teaching.
